

Tids sammenligning 50000 random tal med 25000 muligheder			
Type	C	Python	Pascal
selection sort	1,056000	31,920490	0,720000
insertion sort	0,664000	32,043560	0,528000
merge sort	0,010000	0,087810	0,010000
radix sort	0,002000	0,054560	0,002000

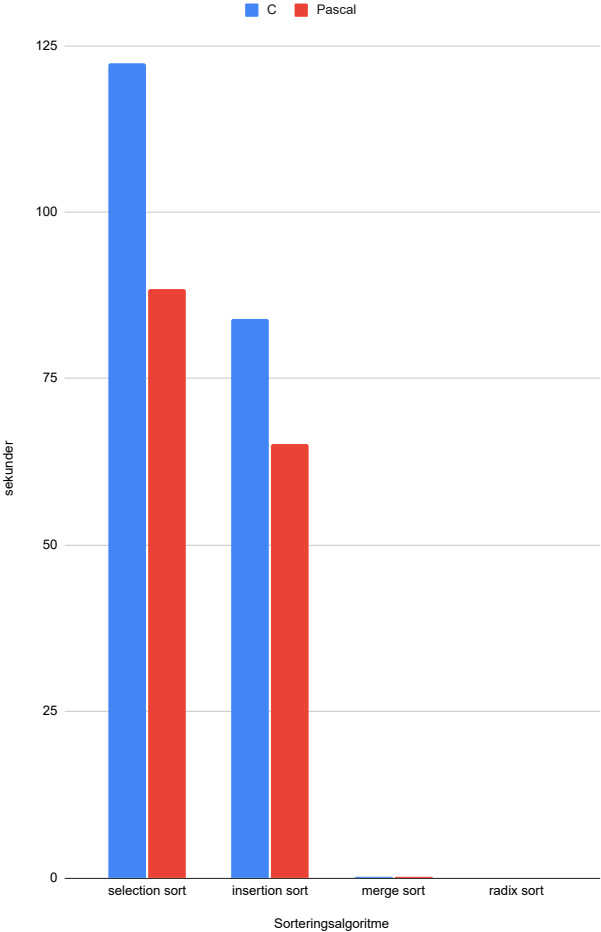

Tids sammenligning 50000 random tal med 25000 muligheder

C, Python og Pascal

Tids sammenligning 500000 random tal med 250000 muligheder			
Type	C	Python	Pascal
selection sort	122,376000		88,382
insertion sort	84,011800		65,235000
merge sort	0,114000		0,098000
radix sort	0,022000		0,018000

C, Python og Pascal

Python er for langsomet til 500000 elementer i array
